Hi Reid,

Got this follow-up question related to your rule & options selection meeting from the EJ folks. Do you have a direct answer for this?

Thanks!

Hello Cindy and Ray,

I attended this rule's June 30th Option Selection on behalf of Lisa Garcia and just had a couple of follow-up question. I noticed that the presenter mentioned that these uranium heaps tend to be in the southwest. Are any of these heaps located on or near tribal land? Or any environmental justice communities?

Thank you for any help that you may provide and feel free to give me a call if you want to chat!
